§ 11-2. {Reserved}

§ 11-3. Findings.

(a) *In general.*

The Mayor and City Council find as follows.

(b) *Responsive government.*

Local government should be responsive and serve the needs of all Baltimore City residents equally without regard to their wealth. Public officials should discharge their duties in an impartial manner, free from bias created by their own financial interests or, in the case of elected officials, the financial interests of those that may have supported them during their electoral campaigns.

(c) *Escalating costs of electoral campaigns.*

Costs of conducting electoral campaigns have increased significantly in recent years. Many candidates are forced to finance their campaigns by seeking large contributions from individuals

and entities who thereby gain disproportionate influence over governmental decision once the candidate holds office. Qualified candidates without access to personal wealth or wealthy donor networks are often dissuaded from seeking public office. Those that do run find it difficult to win with their voices drowned out in the media and on the ground.

(d) *Negative public perception.*

Perception of the inappropriate and disproportionate influence on government by those monied donors who dominate campaign financing has led to disillusionment among city residents who have felt that their voices are not heard. This disillusionment has resulted in disengagement from the political process and government.

(e) *City policy.*

It is the policy of Baltimore City to:

- (1) diminish the public perception of corruption and build public faith and confidence in governmental and electoral processes;
- (2) help reduce the influence of large individual and corporate campaign contributions on city government and eliminate the potential for public corruption;
- (3) reduce the impact of wealth as a determinant for whether an individual seeks to pursue public office;
- (4) enable City residents of all races and income to run for office based on the strength of their ideas, supported by small donations from the public and matching funds from the Fund;
- (5) provide participating candidates with sufficient resources in order to communicate with voters;
- (6) foster greater investment and more meaningful public participation in the political process among all Baltimoreans, regardless of race, gender, socio-economic status, or geography;
- (7) prioritize accountability among elected officials to the constituents who elect them rather than those who fund their campaigns;
- (8) strengthen public control over the direction of local government; and
- (9) strengthen democracy in the city of Baltimore.

(Ord. 20-338)

(v) the findings of the City Council that the prevalence of contract awards to large, non-local, businesses has significantly contributed to underutilization of minority and women’s business enterprises; and

(vi) all other relevant facts.

- (2) Past discrimination in the City's contracting process by prime contractors against minority and women's business enterprises has resulted in significant underutilization of minority and women's business enterprises in contracts awarded by the City of Baltimore. As determined by the 2007 Disparity Study, this disparity has been persistent, pervasive, and statistically significant based on available vendor data.
- (3) This discrimination has occurred in the major City contracting markets (construction, commodities, architectural and engineering, and services), with the effect of significant underutilization of minority and women's business enterprises.
- (4) The provisions of this subtitle are necessary to overcome the effects of past discrimination and to prevent ongoing discrimination in the City's contracting process, while assuring that high quality goods and services are obtained through the competitive bidding process.
- (5) A general objective of this subtitle is to provide a narrowly tailored remedy to ongoing effects of past discrimination, an objective that is advanced by:
 - (i) setting minority and women's business enterprise goals that are flexible and rationally related to the disparity identified in the City's contracting markets;
 - (ii) instituting race- and gender-neutral remedies, including a Small Local Business Enterprise Program, in conjunction with the narrowly tailored administration of the MBE/WBE Program;
 - (iii) setting goals on a contract-by-contract basis;
 - (iv) providing criminal penalties for fraudulent misuse of this subtitle;
 - (v) requiring regular review of the necessity for this subtitle;
 - (vi) limiting those minority and women's businesses that qualify for certification under this subtitle to those located in the Baltimore City Market Area;
 - (vii) requiring regular review of the categories included in the definition of minority-group members; and
 - (viii) providing for post-bid submission of required information about minority and women's business enterprises as well as other subcontractors.

(b) *Policy.*

It is the policy of the City of Baltimore to promote equal business opportunity in the City's contracting process by encouraging full and equitable participation by minority and women's business enterprises in the provision of goods and services to the City on a contractual basis. (b) *Third-party contracts.*

Every contract or other agreement between the City of Baltimore and any governmental agency, quasi-governmental agency, corporation, developer, or contractor, under which the agency, corporation, developer, or contractor receives any fiscal assistance from or through the City for the purpose of contracting with businesses to perform real estate development, renovation, maintenance, or other services must require the agency, corporation, developer, or contractor to comply with this subtitle in awarding and administering that contract or agreement.

(*Ord. 00-098.*)

§ 28-5. Automatic termination.

This subtitle automatically expires on May 30, 2023, unless the City Council, after causing an appropriate study to be undertaken, conducting public hearings, and hearing testimonial evidence, finds that the purposes identified in this subtitle have not yet been achieved, in which case this subtitle may be extended for 5 more years.

(b) *Affirmative procurement initiative.*

“Affirmative procurement initiative” means a procurement tool authorized by Part IV of this chapter to be used to enhance contracting opportunities for small local business enterprise firms, including bonding and insurance waivers, bid incentives, price preferences, sheltered market, mandatory subcontracting, competitive business development demonstration projects, and SLBE evaluation preference points in the scoring of proposal evaluations.

(c) *Commercially useful function.*

(1) “Commercially useful function” means the performance by a business enterprise of real and distinct work for which the business enterprise has the skill, expertise, and actual responsibility to perform, manage, and supervise, as determined by an evaluation of:

- (ii) normal industry practices;
- (iii) whether the amount the firm is to be paid under the contract is commensurate with both the work it is actually performing and the SLBE credit claimed for its performance of the work; and
- (iv) other relevant factors.

(2) A firm does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of meaningful and useful SLBE participation, when in similar transactions in which SLBE firms do not participate, there is no such role performed.

§ 28-97. Purpose; Scope.

(a) *Purpose.*

- (1) The purpose of this chapter is to establish a race- and gender-neutral remedy for ongoing effects of past discrimination in the marketplace by providing a variety of procurement tools for the City that will ensure that all segments of its local business community have a reasonable and significant opportunity to participate in City contracts for construction, architectural, and engineering services, professional services, services, and materials, supplies, and equipment.
- (2) The SLBE Program also furthers the City’s public interest to foster effective broad-based competition from all segments of the vendor community, including minority business enterprises, small business enterprises, and local business enterprises. This policy is, in part, intended to further the City’s compelling interests in both ensuring that it is neither an active nor passive participant in private sector marketplace discrimination, and in promoting equal opportunity for all segments of the contracting community to participate in City contracts.
- (3) The SLBE Program also provides additional avenues for the development of new capacity and new sources of competition for City contracts from the growing pool of small and locally based businesses. This capacity building will increase the quality of bidding on City contracts and lower prices for City contracts over the long term.

(b) *Scope and limitations.*

This SLBE Program may be applied by the City on a contract-by-contract basis to the maximum practicable extent permissible under federal and state law, as well as the City Charter.

(Ord. 16-595.)

§ 28-98. Program objectives.

To meet the objectives of the SLBE Program, the City is committed to:

- (1) increasing the participation of SLBEs in City contracting and, to the extent possible, ameliorating through race- and gender-neutral means any disparities in the participation of minority business enterprises or women business enterprises on City contracts;
- (2) regular evaluation regarding the progress of the SLBE Program, using accumulated availability and utilization data to determine specific program provisions that require modification, expansion, or curtailment; and

- (3) providing accountability and accuracy in setting goals and in reporting program results through the City's Centralized Purchasing System, in the Department of Finance, Bureau of Purchases, which maintains a centralized bidder registration process capable of identifying with specificity the universe of firms that are available and interested in bidding on, or performing on, City contracts, and of providing the means of tracking actual City bids, contract awards, and prime contract and subcontract payments to registered bidders, on the basis of certification status, and commodity or service code.

- (4) the firm's annual gross revenues, as averaged over the life of the firm, are less than \$1 million.

(b) *Application.*

In order to apply for certification or recertification as an Emerging SLBE, an enterprise must provide the Office with:

- (1) a completed application for certification or recertification in the form required by the Office;
- (2) all supporting documentation required by the Office; and

- (3) a signed affidavit stating that it meets all of the eligibility criteria set forth in subsection (a) of this section.

(c) *Application review.*

- (1) After receiving an Emerging SLBE certification or recertification application, the Office must review all enclosed forms, affidavits, and documentation to make a prima facie determination as to whether the applicant satisfies the Emerging SLBE eligibility requirements as set forth in this chapter.
- (2) If, after the review required by this section, the Office finds that the applying firm satisfies the Emerging SLBE eligibility requirements as set forth in this chapter, the Office must grant the firm certified Emerging SLBE status.

(d) *Ineligible applicants.*

- (1) If an applicant is determined to be ineligible to participate as an Emerging SLBE, the Chief must send the applicant a letter stating the basis for the denial of eligibility.
- (2) Applicants determined to be ineligible are not eligible to submit a new application for Emerging SLBE certification for 1 year after the date of the notice of denial of eligibility.
- (3) Applicants determined to be ineligible for certification as an Emerging SLBE may still be eligible for certification as an SLBE.

(Ord. 16-595; Ord. 17-068.)

§ 28-108. {Reserved}

§ 28-109. Graduation, suspension, or revocation.

(a) *Permanent graduation from SLBE Program.*

- (1) An SLBE firm must be permanently graduated from the SLBE Program after it has received a cumulative total of \$5 million of City-funded prime contract or subcontract payments in at least 5 separate contracts since its initial certification as an SLBE firm.
- (2) An SLBE firm must be permanently graduated from the SLBE Program after its 3 fiscal year average gross sales exceeds the size standard eligibility requirements.

(b) *Temporary suspension from SLBE Program.*

An SLBE firm must be temporarily suspended by the Chief for the balance of any fiscal year after it has received, as contractor or subcontractor of City-funded contracts, a cumulative total of \$1.5 million in payments for that fiscal year.

(c) *Permanent revocation of SLBE or Emerging SLBE eligibility.*

An SLBE or Emerging SLBE firm may have its certification and eligibility permanently revoked by the Chief if it:

- (1) fails to perform a commercially useful function under a contract; or
- (2) allows its certified SLBE status to be fraudulently used for the benefit of a non-SLBE firm or the owners of a non-SLBE firm so as to provide the non-SLBE firm or firm owners benefits from affirmative procurement initiatives to which they would not otherwise be entitled.

(d) *Permanent graduation from Emerging SLBE Program.*

- (1) An Emerging SLBE firm must be permanently graduated from Emerging SLBE status after it has received a cumulative total of \$2.5 million of City-funded prime contracts or subcontract payments in at least 5 separate contracts since its initial certification as an Emerging SLBE firm.
- (2) An Emerging SLBE firm must be permanently graduated from Emerging SLBE status once its 3 year average annual gross sales exceeds \$2 million.

(e) *Temporary suspension from Emerging SLBE Program.*

- (1) An Emerging SLBE firm must be temporarily suspended from Emerging SLBE status by the Chief for the balance of any fiscal year after it has received, as a contractor or subcontractor on City-funded contracts, a cumulative total of \$750,000 in payments for that fiscal year.
- (2) An Emerging SLBE firm suspended under this subsection may still be eligible to continue participating in affirmative procurement initiatives as an SLBE firm for the remainder of the fiscal year.

(f) *Effects of graduation or suspension.*

- (1) This section is not intended to require or allow the City to terminate a contract or fail to renew a contract solely due to the finding that a firm's SLBE or Emerging SLBE status is permanently graduated or temporarily suspended during the contract term, including all renewal options originally available.
- (2) Bids or proposals submitted by an SLBE or Emerging SLBE prior to graduation or suspension may be awarded as if the firm retained its SLBE or Emerging SLBE status.
- (3) An SLBE or Emerging SLBE may not participate as an SLBE or Emerging SLBE on new bids during a period in which it has been permanently graduated or temporarily suspended, and will not receive any preference for which it may have previously been qualified.
- (4) If SLBE or Emerging SLBE status is revoked under subsection (c) of this section, the Board of Estimates may, upon recommendation by the contracting agency, terminate or fail to

renew an impacted contract, if the Board of Estimates determines that termination or non-renewal is in the best interests of the City.

(g) *When effective.*

Permanent graduation and temporary suspension is only effective upon receipt of written notice, as an adverse certification or eligibility determination.

(Ord. 16-595.)

§ 28-110. Adverse determinations; Appeals.

(a) *Office determinations.*

All adverse certification or eligibility determinations by the Office or Chief must:

- (1) be in writing;
- (2) include the reasons for the determination; and
- (3) be sent to the affected business enterprise.

(b) *Appeals.*

- (1) An aggrieved party has a right to protest an adverse determination and seek administrative review.
- (2) To obtain administrative review, the aggrieved party must submit a written protest to the Chief within 7 days of receipt of the adverse determination.
- (3) The protest must specify the reasons and factual grounds of the protest and be accompanied by any supporting documents.

(c) *Action by Chief.*

Within 25 days of receipt of the protest, the Chief must:

- (1) review the protest and all relevant supporting documents; and
- (2) render a written decision that includes the reasons for the decision.

(d) *Hearing.*

- (1) After all departmental remedies have been exhausted, the aggrieved applicant may request a hearing before a panel of independent hearing officers, with 1 member of the panel being appointed by the President of the City Council and the other members of the panel being appointed by the City Solicitor.

- (2) The hearing officer must be knowledgeable of Baltimore City procurement laws and procedures, including this subtitle.

(Ord. 16-595.)

§§ 28-111 to 28-112. {Reserved}

PART IV. AFFIRMATIVE PROCUREMENT INITIATIVES

§ 28-113. Initiatives to be set by GSCs.

To promote the award of City contracts to SLBEs or Emerging SLBEs, each GSC may, subject to § 28-97(b), authorize the use of any or all of the SLBE affirmative procurement initiatives in this Part IV for contracts in its industry category.

(Ord. 16-595.)

§ 28-114. Bonding or insurance waiver.

(a) *Public works contracts.*

- (1) Subject to applicable federal and state law, as well as the City Charter, and applicable regulations, policies, and procedures, the Board of Estimates, on the recommendation of the contracting agency, may waive or reduce the bonding or insurance requirements for public works contracts, depending on the type of contract and whether the contracting agency determines that the bonding or insurance requirements would deny an SLBE, or Emerging SLBE, an opportunity to perform a contract that the SLBE or Emerging SLBE has shown itself otherwise capable of performing.
- (2) From time to time the Chief shall make written suggestions to a contracting agency relating to concerns about bidding restrictions caused by bonding or insurance requirements on solicitations issued by that agency.

(b) *All other contracts.*

- (1) Subject to applicable federal and state law, as well as the City Charter, and applicable regulations, policies, and procedures, the Board of Estimates, on the recommendation of the Department of Finance, may waive or reduce the bonding or insurance requirements, depending on the type of contract and whether the Department determines that the bonding or insurance requirements would deny an SLBE or Emerging SLBE an opportunity to perform a contract that the SLBE or Emerging SLBE has shown itself otherwise capable of performing.
- (2) From time to time the Chief shall make written suggestions to the Director of Finance relating to concerns about bidding restrictions caused by bonding or insurance requirements on solicitations issued by the Department of Finance.

(Ord. 16-595; Ord. 17-068.)

§ 28-115. Price preferences.*(a) In general.*

Subject to § 28-97(b), the Board of Estimates may award a contract to a certified SLBE or certified Emerging SLBE that submits a bid within 10% of a low bid by a non-SLBE.

(b) Exclusions.

A price preference may not be applied if:

- (1) the award to the SLBE would result in a total contract cost that is, on an annual basis, more than \$25,000 higher than the low bid;
- (2) if the total contract cost would exceed the City's budgeted funding for the contract; or
- (3) the total contract cost is determined by the contracting agency, with concurrence from the agency receiving the primary benefit of the contract, to be so high in price as to be not reasonable.

(Ord. 16-595.)

§ 28-116. Evaluation preferences.*(a) In general.*

The City may reserve up to 10% of the total points available for RFP evaluation purposes for firms that are certified as SLBE or Emerging SLBE firms, or to joint ventures that have certified SLBE or certified Emerging SLBE partners.

(b) Allocation among joint venturers.

For joint ventures, available evaluation preference points must be allocated on a pro rata basis, based on the percentage of SLBE or Emerging SLBE participation in the overall ownership, performance, and management of the joint venture.

(c) Limitation.

An evaluation preference may not be applied if the resulting total contract cost:

- (1) would exceed the City's budgeted funding for the contract; or
- (2) is determined by the contracting agency, with concurrence from the agency receiving the primary benefit of the contract, to be so high in price as to be not reasonable.

(Ord. 16-595.)

§ 28-117. Mandatory subcontracting.*(a) Contract-by-contract determination.*

A GSC may, on a contract-by-contract basis, at its discretion, require that a predetermined percentage of a specific contract, up to 40%, be subcontracted to certified SLBEs or to certified Emerging SLBEs.

(b) Subcontracting by SLBEs.

- (1) If the contractor is a certified SLBE or certified Emerging SLBE, then the contractor is entitled to count the dollar value of the work performed by its own forces towards satisfaction of the mandatory subcontracting goal for that contract.
- (2) An SLBE or Emerging SLBE contractor may not subcontract more than 49% of the contract value.
- (3) An SLBE or Emerging SLBE subcontractor may not further subcontract more than 10% of its portion of the contract value to a vendor who is not an SLBE or Emerging SLBE.

(c) Required bidder submissions.

- (1) For a contract bid out under this section, a prospective bidder must submit, at the time of bidding, a form providing the name of the SLBE or Emerging SLBE subcontractor or subcontractors and describing both the percentage of subcontracting by the SLBE or Emerging SLBE and the work to be performed by the SLBE or Emerging SLBE.
- (2) At the time of bidding, a bidder may request a full or partial waiver of this mandatory subcontracting requirement from the Chief for good cause, by submitting an SLBE unavailability certification to the Chief along with adequate documentation of good faith efforts to obtain SLBE participation, in the form required by the Office.

(d) Review of waiver requests.

The Chief must base his or her determination on a waiver request on the following criteria:

- (1) whether the requestor of the waiver has made good faith efforts to subcontract with qualified and available SLBEs or Emerging SLBEs;
- (2) whether subcontracting would be inappropriate or not provide a commercially useful function under the circumstances of the contract; and
- (3) whether there are no certified SLBE or certified Emerging SLBE firms that are qualified and available to provide the goods or services required.

(e) Failure to satisfy SLBE subcontracting goals.

- (1) In the absence of a waiver, failure of a contractor's bid or proposal to satisfy the mandatory SLBE subcontracting goal renders its bid or proposal non-responsive.

- (2) In the absence of a waiver, failure of a contractor, in the performance of the contract, to attain a mandatory subcontracting goal for SLBE participation is grounds for termination of existing contracts with the City, debarment from performing future City contracts, or any other remedies available under the terms of its contract with the City or under the law.
- (3) A Contractor commits a material breach of contract if it fails to notify and obtain written approval from the Chief in advance of any negative change in usage of a designated SLBE or Emerging SLBE subcontractor, including any:
- (i) reduction in subcontract scope;
 - (ii) termination of a subcontract; or
 - (iii) substitution of a new SLBE or Emerging SLBE subcontractor for a designated SLBE or Emerging SLBE.

(f) *Sole source and emergency contracts exempt.*

Sole source and emergency contracts are exempt from subcontracting goal requirements under this section.

(Ord. 16-595; Ord. 17-068.)

§ 28-118. Sheltered Market Program.

(a) *Eligible contracts.*

- (1) The Chief and a contracting agency may select certain contracts that have a contract value of \$250,000 or less for award to a certified SLBE, or a joint venture with a certified SLBE, through the Sheltered Market Program.
- (2) The Chief and a contracting agency may select certain contracts that have a value of \$50,000 or less for award to a certified Emerging SLBE firm through the Sheltered Market Program.

(b) *Contract selection for the Sheltered Market Program.*

In determining whether a particular contract should be bid through the Sheltered Market Program, the contracting agency and Chief must consider:

- (1) whether there are at least 3 certified SLBEs or certified Emerging SLBEs that are available and capable to participate in the Sheltered Market Program for that contract;
- (2) the degree of underutilization of the SLBE and Emerging SLBE contractors in the specific industry categories; and
- (3) the extent to which the City's SLBE and Emerging SLBE contractor utilization goals are being achieved.

(c) *Removal of contracts from the Sheltered Market Program.*

A contract may be removed from the Sheltered Market Program for purposes of rebidding if:

- (1) a responsive and responsible bid or response is not received for the contract; or
- (2) the apparent low bid is determined by the contracting agency, with concurrence from the agency receiving the primary benefit of the contract, to be so high in price as to be not reasonable or not within the City's budgeted funding for the contract.

(d) *Effect of determinations.*

- (1) A finding made regarding the number of available certified SLBE's or Emerging SLBE's in determining whether a contract should be bid through the Sheltered Market Program for purposes of subsection (b) of this section does not create a presumption that any bidder is a responsible bidder for purposes of subsection (c) of this section.
- (2) The determination of a contracting agency, or the City's prequalification process, that a bidder is not a responsible bidder for purposes of subsection (c) of this section is final and conclusive.

(Ord. 16-595; Ord. 17-068.)

§ 28-119. Competitive business development demonstration project.

(a) *Eligibility.*

If an industry category routinely has too few sources of bidders to provide meaningful or sufficient competition for City contracts, the Chief, with the concurrence of the impacted contracting agency, may reserve certain contracts within that industry category for placement into a competitive business development demonstration project to encourage the development of new capacity within the industry to competitively bid on the future supply of specialized goods or services to the City.

(b) *Competitive Business Development Process.*

- (1) Contracts reserved for Competitive Business Development Demonstration Projects are subject to a Request for Proposals process open only to joint ventures between an established firm, or experts in the relevant industry, and a certified SLBE firm.
- (2) The scope of work for the selected joint venture must include teaching a hands-on curriculum to SLBE firms that have expressed an interest in diversifying into the relevant industry, in addition to performing the customary functions of the contract.
- (3) The curriculum required by paragraph (2) of this subsection must teach skills required to qualify for future City contracts and to successfully compete in the industry, including both:
 - (i) technical skills taught through hands-on demonstrations of how to perform necessary tasks in the field; and

- (ii) administrative skills such as cost estimating, bidding, staffing, or project management.

(c) *Selection of candidate firms.*

The Chief must select certified SLBE candidate firms for participation in competitive business development demonstration projects on the basis of an assessment of their current capabilities and their likely success in diversifying into the new relevant industry once given technical assistance, training, and an opportunity to develop a performance track record in the industry.

§ 29-8. Investigation of complaints.

The Office’s investigative unit shall review and investigate discrimination complaints filed under this subtitle. The City Solicitor in consultation with the Chief shall exercise his or her best judgment to assign Office staff persons, other City personnel, and outside consultants to the investigative unit as necessary to conduct investigations in a comprehensive, fair, competent, and efficient manner. The investigative unit shall seek all relevant evidence from the complainant, from the respondent business firm, and from external sources relating to the allegations of the complaint.
(*Ord. 06-186.*)

§ 29-9. Initial findings and recommendations.

- (a) Based upon the investigative unit’s review and investigation, the Chief shall make an initial non-binding finding of each allegation stated in the complaint, that either:
- (1) the investigation produced sufficient evidence to find that the alleged discrimination did take place (“sustained”);
 - (2) the investigation failed to produce sufficient evidence to find that the alleged discrimination took place (“not sustained”);
 - (3) the investigation produced sufficient evidence to find that the alleged discrimination did not take place (“unfounded”);

(3) any actions taken by the respondent business firm to remedy the alleged discrimination;

(4) the effectiveness of any prior attempts by the respondent business firm to remedy the discrimination;

an administrative hearing by filing a written request with the Chief within 15 calendar days of notice of the initial findings and recommendations. If the business firm fails to properly request an administrative hearing, the initial non-binding findings and recommendations shall become the final administrative decision of the City pending review and approval by the Board of Estimates. If the business firm does request an administrative hearing, the Chief shall so notify the City Solicitor immediately, and within 10 days, the City Solicitor shall appoint a hearing examiner for purposes of conducting the administrative hearing. The administrative hearing shall be held by the hearing examiner within 90 calendar days of the appointment of the hearing examiner.

- (b) The City Solicitor shall establish regulations, as necessary, that are in accordance with this Subtitle and any due process rights to which any party is entitled, to further specify the procedures and standards by which these administrative hearings are conducted. At a minimum, the hearing shall afford all parties an opportunity to present witnesses, conduct direct and cross-examination of witnesses, introduce relevant evidence, submit briefs, and present oral argument. Findings shall be made by the hearing examiner based upon a preponderance of the evidence presented.
- (c) Consistent with the State Public Information Act, Title 4 of the State General Provisions Article, and with the State Open Meetings Act, Title 3 of the State General Provisions Article, the hearing examiner may issue protective orders for good cause for the following reasons:
 - (1) to limit, or otherwise impose conditions on, access by any person to any document in the possession of a party, including a document in the City's possession or in the record of the hearing that is not a public record; or
 - (2) to close all or any portion of the hearing, or otherwise impose conditions on access to the hearing by any person.
- (d) Within a reasonable period of time not to exceed 120 days after the closing of the hearing record, the hearing examiner shall prepare a written decision that may affirm or reject the initial findings and recommendations, may substitute different findings and order appropriate remedies, or may return the case to the Chief for further investigation and findings to be completed within a period of time specified by the hearing examiner.
- (e) The hearing examiner's written decision shall be based upon a preponderance of the evidence contained in the hearing record, and shall reflect the evidentiary basis for its findings.

- (5) The Board of Estimates or Hearing Examiner may order the parties to subject the complaint to mediation.

(Ord. 06-186.)

§ 29-12. Sanctions for knowingly filing false or frivolous complaint.

If the Chief determines that one or more allegations of a complaint are false and that the complainant knew them to be false when filed, or that one or more of the allegations of a complaint are frivolous and without merit, the Chief may refuse to review or investigate any complaint filed under this subtitle by the same complainant for a period of up to 3 years. The Chief may also recommend to the hearing examiner or the Board of Estimates that monetary sanctions be imposed against the complainant in the amount of the costs incurred for the investigation and review of the false or frivolous complaint.

(Ord. 06-186.)

§ 29-13. Administrative appeals.

A business firm against whom a complaint has been filed or a complainant may appeal the decision of the hearing examiner by filing a request for an appeal in writing with the City Solicitor within 10 calendar days from service of the notice of the decision. The City Solicitor, or his or her representative, shall within 10 calendar days of receipt of the request for appeal, notify all parties that an appeal has been requested, and refer the matter to the Board of Estimates to hear the appeal. The City Solicitor shall also transfer the entire record of the investigation and administrative hearing to the Board of Estimates in advance of the appeal hearing. The appeal shall be heard and the Board of Estimates shall render a final administrative decision within 90 calendar days of receipt of the request for appeal. At the appeal hearing, the Chief or the Chief's designee shall be responsible for presenting the justifications for its findings and recommendations as previously sustained or modified by the hearing examiner.

(Ord. 06-186.)

§ 29-14. Judicial and appellate review.

(a) Judicial review.
