§ 11-2. Haulers disposal surcharge .

{Section subject to abrogation}

Editor’s Note: This subtitle was enacted by Ordinance 91-757, effective July 1, 1991. Section 3 of the Ordinance provided that the provisions of §11-2 (then §§23 and 24) become “of no effect and ... null and void” when Baltimore County enacts a recycling incentive surcharge “similar” to that provided for in §11-3 below (formerly §§25 and 26).

(a) *Surcharge imposed.*

(1) Except as otherwise provided in paragraph (2) of this subsection, the solid waste hauler disposal surcharge is levied at a rate of \$7.50 per ton of solid waste, as determined by the actual weight obtained from the scales located at the solid waste acceptance facility.

(c) *Collection.*

The solid waste hauler disposal surcharge shall be paid by the hauler and collected by the operator at the solid waste acceptance facility for each ton of solid waste that is disposed in Baltimore City.

(City Code, 1976/83, art. 23, §§23, 24.) (Ord. 91-757; Ord. 04-672; Ord. 20-366.)

§ 11-3. Recycling incentive surcharge.*{Section effective on contingency}*

Editor’s Note: Section 2 of Ordinance 91-757 provided for the enactment of “the following sections” — presumably, then-§§25 and 26 (§11-3 of this codification) — “if Sections 23 and 24 become null and void pursuant to Sec. 3”. As to Section 3 of that Ordinance, see preceding Editor’s Note.

(a) Surcharge imposed.

There is hereby imposed a recycling incentive surcharge on every solid waste generator in Baltimore City.

(b) Rate – in general.

(1) The recycling incentive surcharge is levied at a rate set by the Board of Estimates at a rate recommended by the Director of Finance which would yield substantially the same revenue as the solid waste hauler disposal surcharge provided for in § 11-2 above as a percentage of the total bill presented by a hauler to the solid waste generator for payment.

(2) The total bill:

(i) shall include costs for service, including equipment disposal charges, and applicable taxes; and

(ii) shall not include any charges for the collection, processing, transporting, and disposition of recyclable materials.

(c) Rate – self haulers.

(1) A solid waste generator who is a self hauler is subject to the payment of the recycling incentive surcharge.

(2) The surcharge rate shall be applied to the lesser of:

(i) 2 times the amount charged by the solid waste acceptance facility; or

(ii) all customary and usual expenses actually incurred by the self hauler as documented on a form provided by the Director.

(3) Subject to Title 4 {“Administrative Procedure Act – Regulations”} of the City General Provisions Article, the Director shall adopt such rules, standards, or guidelines to determine the expenses incurred by the self hauler provided for in this subsection.

Editor’s Note: By authority of Ordinance 20-431, Section 5, the Director of Legislative Reference, in consultation with the Law Department, has conformed subsection (c)(3) of this section to refer expressly to the requirements of the recently-enacted Administrative Procedure Act that, effective January 15, 2021, governs the proposal, adoption, and publication of administrative rules and regulations.

(c-1) Rate – small haulers.

The Board of Estimates shall establish an appropriate differential surcharge for small haulers licensed under Title 7, Subtitle 2, of the City Health Code.

(d) Rate – hospitals.

Any hospital generating solid waste for delivery to a solid waste acceptance facility shall pay a recycling incentive surcharge at a rate of \$7.50 per ton.

(e) Collection.

The recycling incentive surcharge:

- (1) shall be paid by the solid waste generator and collected by the hauler; or*
- (2) shall be paid directly to the Director of Finance by the solid waste generator when self-hauling.*

(f) Proposed demolition by self-hauler.

(1) Any self-hauling generator obtaining a demolition permit shall, 30 days before the demolition begins, estimate the expenses to be incurred, based on the number of loads of demolition debris, the cost of transporting such debris to a disposal site, and the price charged at the disposal site and shall prepay the recycling incentive surcharge.

(2) After completion of the hauling of the demolition debris, the contractor may present to the Finance Department receipts from an approved recycling facility and will be refunded that portion of the prepaid surcharge for which receipts prove the materials have been recycled.

(City Code, 1976/83, art. 23, §§25, 26.) (Ord. 91-757; Ord. 04-672 Text Conformed 02/23/21.)

§ 11-4. Collections.*(a) Monthly remittance required.*

Commencing on August 25, 1991, with regard to the charge for the surcharges for services rendered during July, 1991, and continuing on the 25th day of each successive calendar month thereafter, every hauler, self hauler, and solid waste acceptance facility shall remit all applicable surcharges due under this subtitle to the Director for the services rendered during the preceding calendar month.

(b) Forms and information.

Each monthly remittance shall be:

- (1) on the forms prescribed by the Director of Finance; and*
- (2) accompanied by such other information as may be necessary to fully collect the surcharge imposed by this subtitle.*

(City Code, 1976/83, art. 23, §27(a).) (Ord. 91-757.)

§ 11-5. Records.

(a) *General requirements.*

(1) Pursuant to the Ordinance adopting this subtitle, it shall be the duty of every hauler, self hauler, solid waste generator, and solid waste acceptance facility subject to the provisions of this subtitle to keep and preserve, for a period of 4 years, such suitable records as may be necessary to determine the amount of such surcharges for which that person may be liable.

(2) Among the records necessary are:

(i) schedules and locations of disposal and collection;

(ii) amount charged to each customer; and

(iii) any other records determined by the Director of Finance to be necessary to the proper oversight of the surcharges.

(b) *Additional requirements for haulers and self haulers.*

Every hauler and self-hauling solid waste generator shall keep records and receipts relating to the final destination of recyclable materials that were transferred.

(c) *Inspections.*

The Director or the Director’s agent shall have the right to inspect these records during regular business hours.

(d) *Failure to keep.*

If any person fails to keep records from which the surcharge imposed by this subtitle may be accurately computed, the Director of Finance may make use of a factor developed by surveying other operators of a similar type, or otherwise, compute the amount of surcharge due, and this computation shall be prima fade correct.

(e) Recyclable materials which are taken to a non-approved facility are not exempt from the recycling incentive surcharge.

(City Code, 1976/83, art. 23, §27(b).) (Ord. 91-757.)

§ 11-6. Sale, etc., of business.

Whenever any person required to pay a surcharge hereunder ceases doing business or otherwise disposes of his or her business:

(1) any monies due hereunder shall immediately become due and payable; and

(2) that person shall within 3 days of cessation or disposition of the business submit the required receipts and remit the total mount of the surcharge due.

(City Code, 1976/83, art. 23, §27(d).) (Ord. 91-757.)

§ 11-7. Exemptions.*(a) City and County agents.*
