*Table of Zoning Uses*

Dedicated this 31<sup>st</sup> day of December 1999, just after having discovered an editor's worst nightmare: In 1979, when the Index to the Code of Public Local Laws was last printed, the entire "R" listing was totally omitted. (Alas, no "Railroads", no "Rent Escrow", no "Reporters, Court", no "Roads", no "Retirement"....) The nightmare is somewhat tempered, though, by the sobering (nay, humbling) realization that, in the 2 decades since that "typo", absolutely no one seems to have noticed.
